

Horizon PC Reliance, Version 2.05 Installation Manual

Close all open applications on the workstation before beginning the PC Reliance installation process. PC Reliance can be installed only on workstations that have the Horizon client software installed.

Insert the PC Reliance 2.05 CD into the CD-ROM drive of your Horizon workstation. The installation process should automatically begin. If it doesn't follow these steps:

- ◆ Open the Windows Explorer
- ◆ Double-click on the CD-ROM drive's icon
- ◆ Double-click the **Install** folder
- ◆ Windows Explorer displays the contents of the Install Folder
- ◆ Double-click the **Setup.exe** file

The installation program displays a progress bar as it prepares the installation process.

At the "Please enter the passkey to install PC Reliance" prompt, enter ***alexandria***

Click <Next>

The installation program displays the "Welcome" dialog box. Click <Next>.

The installation program displays the "Choose Destination Location" dialog box and will fill in a default path to the Destination Folder. Do not change the Destination Folder's path and click <Next>.

The installation program displays the "System Type" window. Choose the "Horizon - Sybase Open Client" radio button. Click <Next>.

The installation program displays the "Install Desktop Shortcuts" dialog box. If you leave "Yes" checked, the installation program will install a PC Reliance shortcut icon on the workstation's desktop.

The installation program displays the "Start Copying Files" window. Click <Next>.

The installation program will display objects as it installs PC Reliance on your workstation.

If you change any of the default locations during the installation process, it will be more difficult to troubleshoot any problems that may occur during the upload and process transactions procedure and staff at Lincoln Trail or SirsiDynix may not be able to provide support.

When all the necessary files are installed, PC Reliance displays the "Setup Complete" window. If "Yes, I wish to launch PC Reliance" is checked, then PC Reliance will begin.

Click <Finish>

Refer to the Horizon PC Reliance, Version 2.05 manual posted on our website at:
